## HEAVY DAMAGES CLAIMED

## Wedderburn &amp; Co. Sue Attorney Lehman for Alleged Libel.

Patent Attorneys Charge Him with Publishing Defamatory Notices About the Firm.

Following closely upon the order of the Commissioner of Patents, Mr. Butterworth, to the firm of Wedderburn & Co., to show cause why they should not be disbanded from practice before the Patent Office, for fraud, the firm yesterday filed a civil suit for \$25,000 for libel against Frederick A. Lehman, one of the patent attorneys whom Wedderburn & Co. charge with having instigated the order of the Patent Office.

Wedderburn & Co. charge in the paper filed yesterday that Mr. Lehman composed, printed and published the following notice:

"To the patent profession: I am about to prefer charges before the Patent Office against John Wedderburn. If you can assist me in any way, or can refer me to persons who can, please do so."

By the statement that he was about to prefer charges, Mr. Wedderburn alleges in the legal phraseology of his bill that Lehman wished it to be inferred that the plaintiff had been guilty of unprofessional or fraudulent conduct, cognizable by the Commissioner of Patents in his official capacity.

The plaintiff, the bill of complaint states, up to the issuance of the said publication in April last had always borne the reputation of being upright and honest in his dealings and the defendant knowing this had circulated the libel with the malicious intention of injuring the business of the plaintiff company.

It is further alleged that the business of John Wedderburn & Co. has been greatly injured and deprived of gains and profits, which they would otherwise have drawn from their business, by the libelous publication. The charge against Lehman is brought in two counts, one for issuing the publication on April 1 and another for issuing it on April 14.

Mr. John Wedderburn, the head of the firm of Wedderburn & Co., was seen by a Times reporter yesterday with reference to the suit.

"I will push the suit right through," he said. "This notice to the patent profession is sent out by Lehman for two very good reasons for him, but they are not so good for me, and I intend to have redress if possible."

"There can be no question that such a notice, and a lot of others, by the way, which have also gone out from Washington attorneys, will injure my business, especially outside of the city, where neither of us is known."

"I intend to enter several other suits, too. Mr. Lehman is only one of the offenders. A Cathartic Powder diffuses this powder over the surface of the nasal passages. Painless and delightful to use. It relieves instantly, and permanently cures Catarrh, Hay Fever, Cold, Headache, Sore Throat, Tonsillitis and Deafness, 50 cts. Sold by P. B.
